

# NEWPORT VISION SOURCING™

POWERFUL INTEGRATED GLOBAL INFORMATION WITH UNIQUE ANALYSIS

## HOW YOU BENEFIT

- Monthly data updates
- Intuitive, easy-to-use web technology
- Comprehensive training and technical support
- Flexible licensing options
- Zero cost deployment
- Secure, confidential access

## WHERE YOU CAN USE IT

- Strategic planning
- Business development
- API sourcing and sales
- Product intelligence
- Company intelligence

## PROMOTE SUPERIOR, EARLIER DECISIONS

Newport Vision Sourcing™ is the expert sourcing and competitive intelligence system for innovator, niche brand, and specialty pharmaceutical companies.

Powered by unique early intelligence and analysis available only from Thomson Reuters, the industry authority on global API (Active Pharmaceutical Ingredient) development activities, Newport Vision Sourcing contains detailed profiles of over 10,000 active ingredients, 12,000 corporate groups and more than 3,000 API production sites worldwide

- Identify early, exclusive or alternative sources of API supply for existing products
- Determine potential suppliers for new products based on specific technical and manufacturing capabilities and past history
- Assess generic competition
- Identify potential suppliers to generic companies
- Monitor patenting activities of API manufacturers worldwide
- Investigate products and analyze patent, exclusivity and regulatory information

See a complete product summary at a glance.

Quickly view SPC and Orange Book patent expiry information.

**POWERFUL, INTEGRATED GLOBAL INFORMATION**

- Unique early API development intelligence and competitive forecasts
- Coverage of over 10,000 active pharmaceutical ingredients
