## IMPORTANT NOTES FOR SUPPLIERS

- Thomson Reuters are unable to review and process your company as a supplier until the registration and subsequent questionnaire are completed.
- Any sales invoices received will not be processed until the Supplier Onboarding registration process has been finalised.
- Ariba times out after 30 minutes of inactivity.
- Supported Browsers
  - Microsoft Edge 32-bit
  - Microsoft Internet Explorer 11 32-bit
  - Mozilla Firefox 49+ 64-bit
  - Chrome 54+ 64-bit
  - Safari 9+ 64-bit
- You should be aware that Ariba offers two versions; the Light Account and the Full Enabled Account. The Light Account will not incur any fees for you, as supplier, but the Full Account will. When registering with Ariba, you create an agreement directly with Ariba, to which Thomson Reuters is not a party. **Please ensure that the appropriate Ariba Account type is selected**, as if you select the Full Account, you will receive an invoice directly from Ariba. Thomson Reuters cannot accept accountability should the incorrect level be selected, nor can it accept liability for any fees incurred. Thomson Reuters can however assist you to switch back from the Full Enabled Account to the Light Account, if you notify Thomson Reuters accordingly.
