Think about the topics below to initiate a meaningful conversation:

What I would value in my relationship with my accountant:

My proudest accomplishment(s) related to my business:

The top problem I need help with (what keeps me up at night):

Short-term goals (1 year) with the business:
Discussion topics/questions to address with new accountant:

- I would like feedback on how I can increase my tax efficiency and improve my decision-making data, how will this be communicated to me and at what frequency?
- What activities pertaining to my business would you like me to contact you about before doing?
- Are there any changes in the government/legislature/tax laws I need to be watching out for?
- How do you bill for your services?

Long-term goals (3-5 year) with the business:

Personal aspects of my life that could impact my business:

Short-term individual goals (e.g. paying for college, retirement, large asset purchases, charitable giving goals, care for a parent):

Long-term individual goals (e.g. paying for college, retirement, large asset purchases, charitable giving goals, care for a parent):
