TAX RATE CHANGES

All tax rate changes noted below were incorporated into the application. Listed changes are effective **December 1, 2023**, unless noted otherwise.

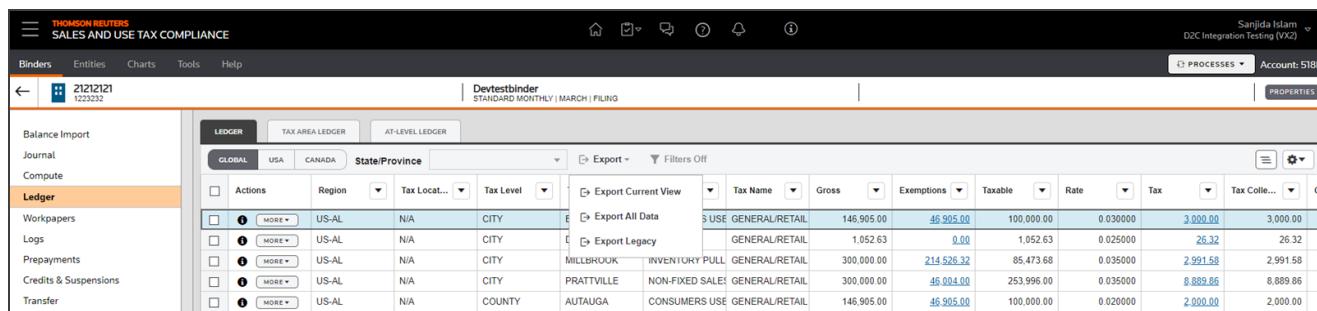

Massachusetts

City of Swansea imposed a meals tax rate of 0.750%.

APPLICATION UPDATES

Enhancements to Ledger screens

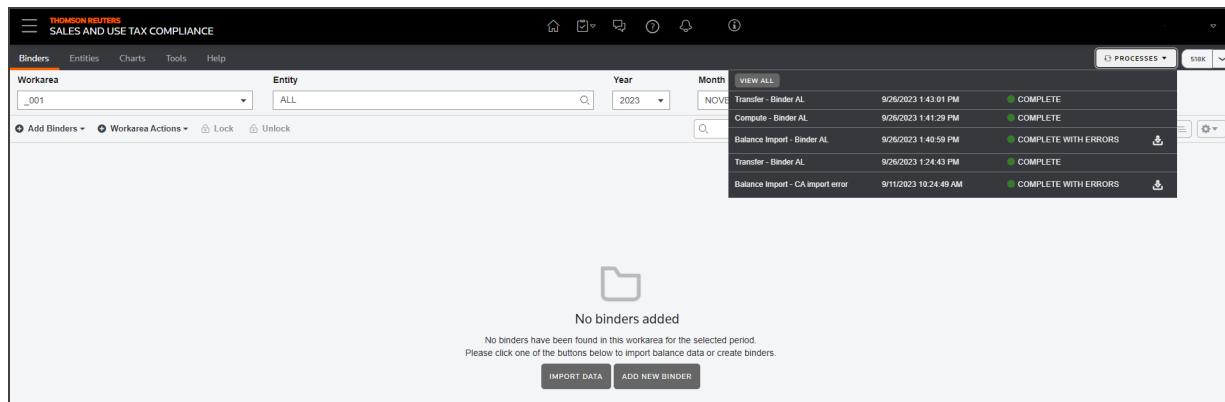

Implemented infinite scrolling in the ledgers screens with an ability to maintain the scroll position when the user does any edit in a row. In addition to that, a new **Export** option has been added for exporting the “Current view” of the grid.

The screenshot shows the Ledger screen in the Sales and Use Tax Compliance application. The main area displays a grid of tax data with columns for Tax Name, Gross, Exemptions, Taxable, Rate, Tax, and Tax Colle... (truncated). The grid includes several rows of data, such as 'GENERAL/RETAIL' and 'MILLBROOK INVENTORY PULL'. At the top of the grid, there are buttons for 'Export Current View' and 'Export All Data'. Below the grid, there are filter options for Tax Name, Gross, Exemptions, Taxable, Rate, Tax, and Tax Colle... (truncated). The left sidebar shows a navigation menu with 'Binders', 'Entities', 'Charts', 'Tools', and 'Help'. The 'Binders' section is expanded, showing '21212121' and '1233232'. The top right corner shows the user's name 'Sanjida Islam' and the account 'D2C Integration Testing (VX2)'. The top bar also includes a 'PROCESSES' button and an 'Account: 518K' button.

New Process Screen

Introduced a new **Processes** screen to view the statuses of all the batch jobs and retrieve the files once completed. This screen will store the details of all the jobs, like-**Export**, **Balance Import**, **Compute**, **Logs**, **Transfer**, **E-filing**, **Return Export** and **Tax Due Report**.

The screenshot shows the Processes screen in the Sales and Use Tax Compliance application. The main area displays a list of completed batch jobs with columns for Entity, Year, Month, Status, and Last Run. The list includes entries like 'Transfer - Binder AL', 'Compute - Binder AL', 'Balance Import - Binder AL', 'Transfer - Binder AL', and 'Balance Import - CA import error'. All entries are marked as 'COMPLETE'. The left sidebar shows a navigation menu with 'Binders', 'Entities', 'Charts', 'Tools', and 'Help'. The 'Binders' section is expanded, showing 'Workarea' and '001'. The top right corner shows the user's name 'Sanjida Islam' and the account 'D2C Integration Testing (VX2)'. The top bar also includes a 'PROCESSES' button and an 'Account: 518K' button. At the bottom of the screen, there is a message stating 'No binders added' and two buttons: 'IMPORT DATA' and 'ADD NEW BINDER'.

Enhancement to the import status

Added **Uploading** as one of the statuses between **Initializing & Journalizing** to show the import progress in different statuses as and when it moves accordingly, so that it would be easier to understand at which state the import is.

Actions	Log ID	Status	Start Date	Elapsed Time	Import File Name	Total	Saved	Errors
ACTIONS ▾	13681	UPLOADING	12/19/2023 12:51:32 AM		BalanceImport_Calc-102-50K.csv	0	0	0

CLOSED ISSUES

Texas

Special purpose district Tax Rate updated from 0.025% to 0.05% for Draper Municipal Development District – 5061612, effective from October 1, 2023.

Tax Rate corrected for Crosswinds at South Lake Special Improvement District - 5015646.

South Carolina

Tax Rate has been fixed for the State of South Carolina. Currently, there is a difference observed in rate at Tax area ledger and this will be corrected with this fix.

Return Register-filing frequency error

An error was occurring when the user wants to change the filing frequency for any return. With this fix the error will not appear and user will be able to change the frequency as needed.
