## NEW AUTHORITY GUIDE

THOMSON REUTERS TAX RESEARCH  
MAY 2018 CONTENT UPDATE #1

---

### Introduction

The authority of Austria Domestic Reverse Charge has been added to ONESOURCE Determination, including rates, catch-all rules and cross-border logic. It has been created in accordance with the Austrian VAT Act to account for Domestic Reverse Charge on the sale of some of the specific products listed in Article 19 (1) d. of the referred legislation.

The reverse charge for the specific products will be driven by the establishment of the buyer in the ship from location. Therefore, in order to trigger the Domestic Reverse Charge authority, it is necessary to set the establishment of the buyer in the ship from location to "Yes".
