CANADA, BRITISH COLUMBIA, ONTARIO ZONE UPDATES

JANUARY 2014 CONTENT UPDATE # 1

Tax Research

INTRODUCTION

On 1 July 2010, Ontario and British Columbia implemented the HST system. At that time, several changes were made to ONCESOURCE Indirect Tax Determination to allow proper processing of credit transactions prior to 1 July 2010 and HST transactions on 1 July 2010. One of the updates was attaching the authority of CA - Credit to the zones of BC, British Columbia, ON, and Ontario.

In the January 2014 Content Update, the authority of CA-Credit has been detached from the zones of BC, British Columbia, ON, and Ontario. We also end date the No Tax rule 5000.21 from the authority of Canada. As a result, transactions with effective dates prior to 1 July 2010 will no longer return the authority of CA - Credit after uploading the January 2014 Content Update.

The following sections summarize the updates and give examples of several types of transactions involving British Columbia and Ontario. If you have any concerns, please contact Customer Support.

ZONE TREE UPDATES

In the January 2014 Content Update, the authority of CA - Credit has been detached from the zones of BC, British Columbia, ON, and Ontario as shown in the figures below. Processing of transactions prior to 1 July 2010 will no longer return a tax block for CA - Credit as of result of these updates.
