## VERSION 2.1.0.0

### UPDATE SUMMARY

ONESOURCE Global Tax SAP Ariba solution (2.1.0.0) is a maintenance release to fix a defect on OSGTA 2.0.3.4.

### FUNCTIONAL CHANGES

#### ACCRUAL FLAG ERROR

**Issue:** The One Source Global Tax for Ariba (2.0.3.4) source system response for ERP posting call is generating wrong accrual flag status for total and under tax accrual scenarios in some locations. As a result, Ariba is unable to integrate the reconciled invoices into ERPs with the correct accrual status.

**Solution:** Debug OSGTA 2.0.3.4 solution to ensure OSGTA sends the expected tax accrual status for all tax jurisdictions and scenario son the ERP posting call response for successful integration into all ERPs.
