## VERSION 2.6.0.1

---

### UPDATE SUMMARY

Thomson Reuters is pleased to provide a fix version of **ONESOURCE Integration for Oracle Fusion Tax** on top of the 2.6.0.0 release. The 2.6.0.1 version supports the following enhancement:

### PREPAYMENT TAX ENHANCEMENT FOR PAYABLES INVOICES

**Issue:** When Prepayment invoice is created, paid and applied to the standard invoice, the taxes calculated on the Prepayment invoice does not get applied.

**Solution:** Code is fixed in the integration to response back with the tax amount for the prepayment invoices when applied to the standard invoice.

#### Prerequisites:

- Enable the Prepayment Application in the COTO (configuration Owner Tax Options to calculate the tax on Prepayment)
- Enable the Prepayment Configuration in Company Settings in the Integration UI.  
⇒ Below is the reference.
