Enhance your Cortellis Competitive Intelligence subscription with access to the world’s most comprehensive Broker Research reports.

What’s the buzz on Wall Street about a company or drug you are interested in?
With Broker Research, you can quickly find out, accessing the research you need to support decision making.

- Find broker research about the companies, drugs, targets and indications you are interested in – indexed for drug development
- Support your dealmaking and competitive intelligence searches finding relevant broker reports alongside other Cortellis intelligence
- Search Cortellis for broker research reports that meet a precise set of criteria, using a number of parameters including: company, contributor, industry, date and report type
- Cortellis consensus drug forecasts summarize broker forecasts and now provide access to the analyst reports behind the numbers

Do you need to know what Wall Street analysts are writing about the companies and drugs you are evaluating?
Written by 1,600 contributing brokers, 30 of which are unique to Thomson Reuters, Broker Research offers authoritative analyses of companies, industries, drugs and global markets. Market-leading broker research, together with the broad and complete coverage of life sciences companies and drug development on Cortellis, provides the most comprehensive intelligence. Allowing you to make the right decisions, with confidence.

You can now add comprehensive broker research to your Cortellis Competitive Intelligence subscription. It is available as an add-on module to Cortellis. The reports, embargoed for an average of seven days from publication, provide unique insight, including forecasts and opinions from sought-after industry experts and sources not available anywhere else.

Thomson Reuters constantly looks to increase the breadth and depth of content coverage among regional and global contributors to our broker research collection.

Exclusive sources only available from Thomson Reuters include:
